

If you injure yourself at work

(Including : exposure to toxins or allergens, mental anguish, near misses)

Immediately report the injury to your supervisor

Report to First Aid - if required

Complete WCB Form 6A - Employee's Report of Injury prior to leaving the building

Does your injury require medical attention?

Immediately report any medical interventions to your supervisor as well as any time missed due to your injury

Supervisors will complete the next steps - you may need to provide them with information

Supervisors

Complete WCB Form 7 within 3 days of report of injury

Complete EIRR - Employers' Incident Investigation Report; preliminary report due within 48 hours (you may skip directly to full investigation)

Final Report due within 30 days of incident

Submit all paperwork to TACAN
